DETAILED ACTION

Claim Rejections - 35 USC § 101

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

2. Claim 11 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claim 11 is a computer program that does not define any structural and functional interrelationships between the computer program and other claimed elements of a computer which permit the computer program's functionality to be realized (Lowry, 32 F.3d at 1583-84, 32 USPQ2d at 1035). Since a computer program is merely a set of instructions capable of being executed by a computer, the computer program itself is not a process. Examiner proposes the following preamble claim language for claim 11: "A computer readable medium storing a computer program capable of being executed by a computer, causing the computer to perform speech recognition, comprising the steps of:".

Allowable Subject Matter

3. Claims 1,3,5-8,10,11 are allowed over the prior art of record.
4. The following is a statement of reasons for the indication of allowable subject matter:

Art Unit: 2626

As per the independent claims, the claim recitations pertaining to speech coefficients for weighted words are controlled by a growth state, and wherein the occurrence probability is based on data collected from distinct behavior and environmental models comprised of a plurality of nodes representing unique actions, is not explicitly taught by the prior art of record.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
